

Wedding Cake Things to Consider

- How many people are you planning on attending?
- Do you want a cake? Consider cupcakes, pies, or other pastries.
- What is your favorite flavor combination? Do you just want one flavor or three?
- What color or theme is your wedding?
- What designs do you want on your cake? Ribbon? Flowers?
- Do you want separators with pillars, or special tiered stands?
- Would you like real, frosting, and silk flowers for the top of the cake?
- If you are choosing real flowers for your cake, who is for florist?
- How will you get the cake to your place of reception?

Certain cakes will “melt” in warm weather if you are having an outside wedding. You may have to keep the cake inside for the majority of the reception.

To ensure you get the attention you deserve, please call Karen to set up an appointment to discuss your cake!
